THE LADY WHO GOT FRESH WITH A KING COMING TO YE LIBERTY

Samuel Blair will present a big double bill at Ye Liberty theater for the next week commencing with Wednesday's matinee. Lillie Langtry in "His Neighbor's Wife" and Laura Sawyer in "An Hour Before Dawn" being the stars and the offerings.

Lillie Langtry needs no introduction to any audience in the world, since that memorable occasion when she had the audacity to pour the contents of a pitcher of water down the neck of King Edward of England—then Prince of Wales—and "get away with it," the "Jersey Lily" has been discussed in the leading journals of the world. However, aside from her hobnobbing with royalty Lillie Langtry has established for herself a niche in the hall of fame of the stage and is considered one of the leading emotional actresses of the present time. In "His Neighbor's Wife" she will have an exceptional opportunity to show her ability. This offering, in the legitimate and in the movies has merited the highest praise of the critics of the world. Laura Sawyer made her local debut at Ye Liberty last week and established her fame in Honolulu as she has done elsewhere. In "The Hour Before Dawn" this clever actress is effective will be seen in a sequel to "Chelsea 7750," the current offering at Ye Liberty. This is said to be a cork play with equal thrilling scenes to "Chelsea 7750" and the latter has been voted the greatest offering of the silent drama ever brought to Honolulu.

"Chelsea 7750" will be shown again tonight and tomorrow night.

SODA POP STEAM BRINGS LITTLE ACTRESSES TO HAVEN OF REST

A story of weary, foot-worn troopers might have been written this morning had it not been for a dozen bottles of soda pop which modestly slumbered in the back of an automobile in which members of the Juvenile Bostonian Company were returning from Schofield where they had presented "My Tango Maid."

Half way between Schofield and this city the last machine, in which Mrs. Emma Lang, Thom Hellen, B. E. Lang, Patsie Henry, "Billie" O'Neill and George Bromley were riding, began to show signs of suffering from extreme heat. Steam ascended from the radiator, and a few minutes later the machine coughed once or twice and came to a dead stop.

No water! That precious liquid which is sometimes drunk was no where to be found. It was just when the party had reconciled themselves to get out and walk to town that Patsie Henry had an idea which saved the day.

"Give it the pop," she cried, thinking of the soda water they had brought along for refreshment.

The chauffeur thought it over a second and decided to take a chance. So down into the tank of the machine soda pop of sundry flavors was poured.

The automobile was cranked and away it went, apparently pleased over the luxury of soda pop which trickled through its inner-organs.

YELLOW TRAFFIC DARING TALE OF SMUGGLERS

Abounding in soul-stirring hand to hand conflict, in which members of a crew, rendered desperate through starvation and ill treatment, are given opportunity for seeking revenge upon slave-driving officers, the story of "yellow traffic" along the Pacific coast of the United States and British Columbia as told by the assistance of the camera and a large company of players, is destined to prove a sensation in moving pictures seldom equalled in the latter days of the game. A picture along this line is numbered among the early importations to be offered at the Empire theater. Under a new management, the management will secure a regular weekly consignment of late mainland releases which are brought out following the introduction of some popular literary work.

The capture of a two-masted schooner by smugglers, the coast guards fight for life, the cargo of contraband Chinese walking the plank, the miraculous escape of the first mate, the daring flight of the captain's daughter alone at sea on a bell-buoy later rescued, are all vividly portrayed. Beginning this afternoon and evening, a number of new western Indian, comedy and dramatic productions will be flashed across the Empire screen. At least two big features each week will be presented at this house.

The hearing of the injunction suit brought by the Kapilani estate against Libby, McNeil & Libby, to restrain them from using a drainage pipe was resumed in Judge Robinson's court this morning. It was begun a month ago and postponed until Monday.

Just stop and consider this carefully; had you rather walk along the way paved with rent receipts, with no goal except the chance to continue paying rent all your life?—or had you rather choose the path paved with receipts for monthly payments, with a Deed for a home at the end, plus the knowledge that you have a "stake in the land" and a tangible property between your family and either bad times or actual want.

Right at this time we have several fine "Home Opportunities for men who wish to emancipate themselves from the slavery of paying rent to fatten landlords' bank rolls.

A meeting of the board of supervisors will be held tomorrow night, at which time several road matters which have been under consideration are expected to be reported on. A report will also be made, it is expected, on the application for an appropriation by the Salvation Army Home. It has been informally agreed that the home shall be given \$50 a month, or \$300 for the six-month period.

THROW AWAY YOUR EYE-GLASSES!

A Free Prescription

You Can Have Filled and Use at Home

Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not wear any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona. Fill a two-ounce bottle with warm water, drop in 1 Optona tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—Advertisement.
